

SEPTIC SYSTEM INSPECTION ADDENDUM

This agreement is an addendum to the Offer for Real Estate dated Sept 2 20 19

between Seller(s) Randy & Diana Coulson and Buyer(s) _____

Property Address:

1515 Old HWY 141, SC IA 51106

Purpose of Addendum: Iowa Code 455B.172 mandates the inspection of septic systems, unless exempt, prior to the transfer of property. The Code applies to transfer of property, which includes at least one but not more than four dwelling units. This property has a septic system and is not connected to a sanitary sewer system.

Exempt Properties: Properties exempted from the Septic System Inspection Requirements include (IA Code 455B.172): Bare ground; property containing 5 or more dwellings units; court ordered transfers; foreclosures; lenders selling foreclosed properties; fiduciaries in the course of an administration of an decedent's estate, guardianship, conservatorship, or trust; between joint tenants or tenants in common; intra family transfers; between divorcing spouses; transfers, for which consideration is \$500 or less; certain intra-family or intra-company business organization transfers; properties which have been inspected within the last two years.

Also, the inspection requirement does not apply to a transfer in which the transferee intends to demolish or raze the building. An Iowa Department of Natural Resources (DNR) form must be used to certify the intent to raze or destroy.

Seller(s) certifies that the property is exempt from the requirement(s) of Iowa Code 455B because one of the above exemptions apply. If so, Seller(s) may stop here.

The County Recorder shall not record a deed or any other property transfer or conveyance document until either a certified inspector's report is provided or attached to the Groundwater Hazard Statement, which documents the condition of the private sewage disposal system and whether any modifications are required to conform to standards adopted by the DNR or, in the event that weather or other temporary physical conditions prevent the certified inspection from being conducted, the buyer has executed and submitted a binding acknowledgment with the county board of health to conduct a certified inspection of the private sewage disposal system at the earliest practicable time and to be responsible for any required modifications to the private sewage disposal system as identified by the certified inspection.

At the time of inspection, any septic system existing as part of the sewage disposal system shall be opened and have the contents pumped out and disposed of as provided for by rule. In the alternative, the owner may provide evidence of the septic system being properly pumped out within three years prior to the inspection by a commercial septic system cleaner licensed by the DNR which shall include documentation of the size and condition of the tank and its components at the time of such occurrence.

If a private sewage disposal system is failing to ensure effective wastewater treatment or is otherwise improperly functioning, the private sewage disposal system shall be renovated to meet current construction standards, as adopted by the DNR, either by the seller or, by agreement, within a reasonable time period as determined by the county or the DNR, by the buyer. If the private sewage disposal system is properly treating the wastewater and not creating an unsanitary condition in the environment at the time of inspection, the system is not required to meet current construction standards.

Buyers and Sellers agree to such renovation, repair, or replacement of the septic system. Such renovation, repair, or replacement shall be the responsibility and paid for by:

Buyer
